

SHELTER BUILDING

Some Heroes help to provide shelter for others in times of emergency. Shelter is one of the fundamental things we need to stay alive and thrive. As we prepare for our Super Sleepover this weekend we also need to think about where we might sleep!

This Can you make a shelter at home?

This week we want you to make a shelter/den inside or outside & take a photo of you/your teddy/mascot in it! You could use any materials you want, but remember if it is outside you will want to stay dry and warm.

You may also want to put up a tent in your garden or outside space.
